ENTER PATIENT'S CASE INFORMATION

Add a new order at the ClearCorrect website and upload all the records – photographs, x-rays and scans (.stl files). Please click here to watch the tutorial video.

OPEN A NEW MENTORING AT THE PUSH PLATFORM

Now you're ready to go to www.pushdentaleducation.com and activate a new mentoring. Please inform patient's name and case number, and upload the .stl files of that patient at the PUSH platform. Also add any relevant information about the case at the "comments" area.

ADD PUSH ORTHODONTICS AS A COLLABORATOR

Please click here and watch the tutorial video explaining how you can add PUSH Orthodontics as a collaborator* so we can view all the records, review the patient data and help you with the prescription that will be sent to ClearCorrect in order to develop your first digital setup.

The screenshot shows the ClearCorrect user interface. At the top, there's a navigation bar with the ClearCorrect logo (A Straumann Group Brand) and links for 'MANAGE ORDERS', 'ADD RETAINER', and 'ADD ORDER'. On the right, there's a user profile for 'Daniel Neves' with a notification bell icon showing '23'.

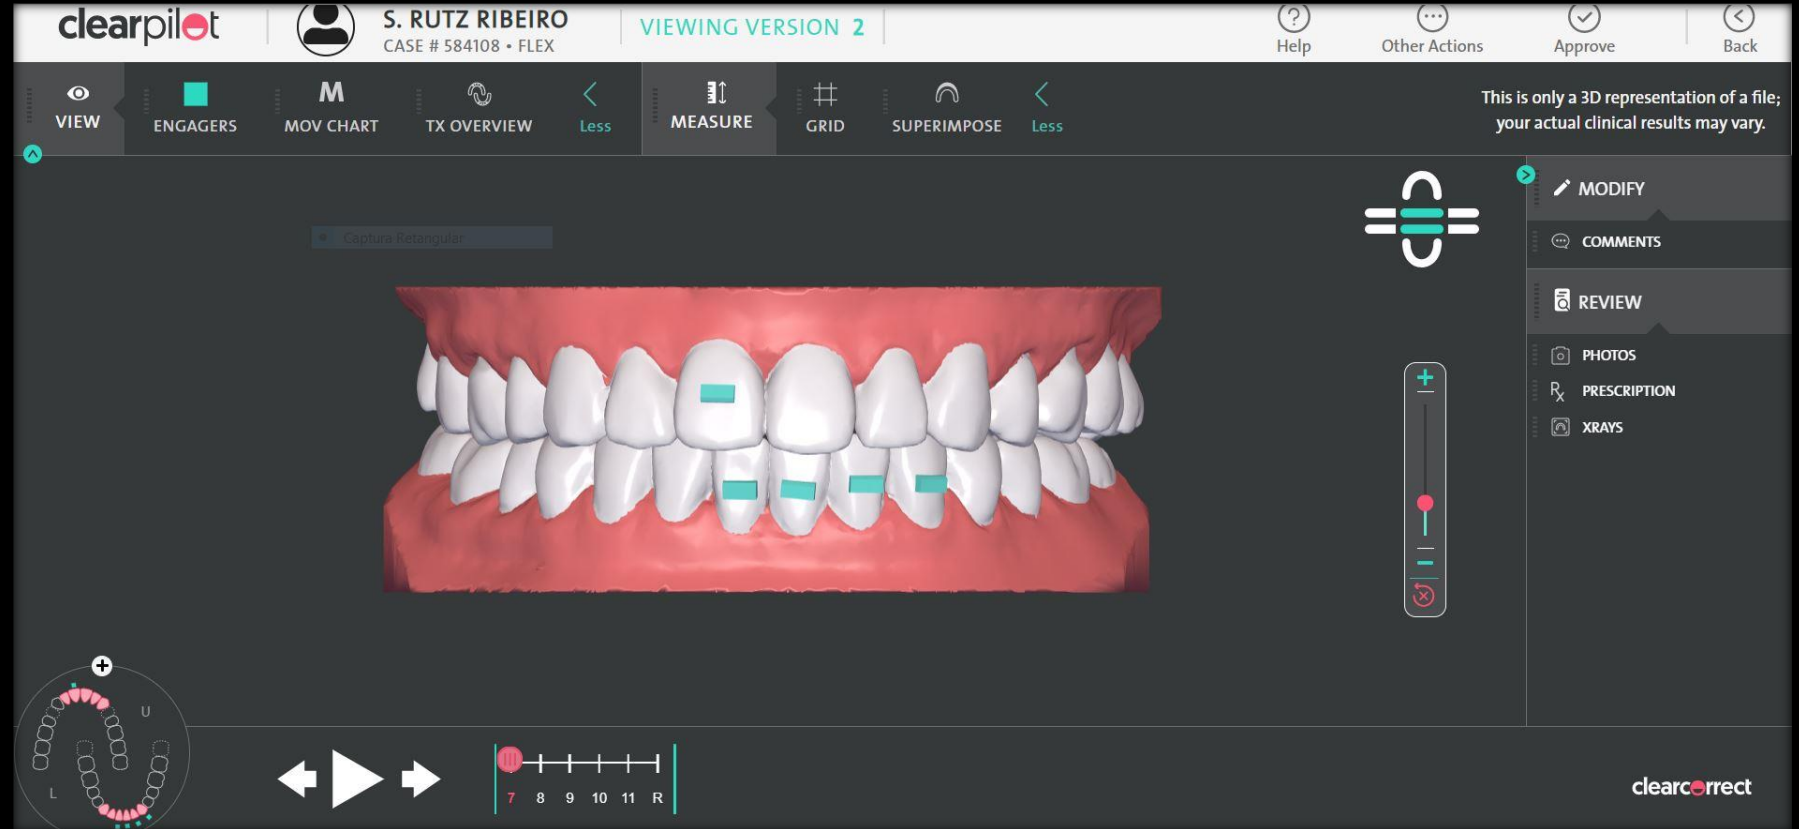

The main content area is titled 'My Account'. On the left, there's a sidebar menu with the following items: 'My Account', 'Practices', 'Password', 'Phone Numbers', 'Email Notifications', 'PREP', 'Pairing', and 'Collaborator(s)'. The 'Collaborator(s)' item is circled in red, and a red arrow points to it from below.

The main content area is divided into two sections: 'PERSONAL INFORMATION' and 'PREFERENCES'. The 'PERSONAL INFORMATION' section has the following fields: 'First Name *', 'Last Name *', 'Degree *' (with a dropdown arrow), 'Specialty *' (with a dropdown arrow), 'User Name *', and 'Email'. The 'PREFERENCES' section has 'Schedule' (set to '2 weeks per step' with a dropdown arrow) and 'Language' (set to 'English' with a dropdown arrow). A red 'Save' button is located at the bottom right of the form.

**adding a collaborator will grant full visibility to all your patient cases and you have to confirm that you have obtained the patient's consent to do so. The use of the collaborator feature is subject to the terms and conditions of ClearCorrect.*
